

Wireless Remotes

Wise Pod Remote

42 Channel Black

The **Wise Pod Remote** comes in 3, 7, 18 and 42 channel versions. The 7 button remote works the same as the 4 button remote, but has 7 or 42 channels. The centre button changes the LED light on the pod from 1 to 6, with each light representing another 7 buttons.

This allows you to control 6 WiseDim units with the one remote. You will be able to control any one of the 42 channels independently.

The battery life lasts up to 2 years.
